

Kathleen Halvorsen

**Natural resource policy scientist,
SS/SFRES**

Research Foci

1) Climate change mitigation

NSF INFEWS/T3: Mitigation via reducing household FEW consumption

2) Biodiversity protection

NSF PIRE: Forest-related bioenergy impacts on biodiversity (etc)

NSF CNH RCN: Biodiversity protection on smallholder lands across the Americas

INFEWS/T3: Climate Change Mitigation via Reducing Household Food, Energy and Water Consumption

1. Social science experimental interventions, surveys, interviews
2. Role playing game
3. FEW usage sensors
4. Assessment, modeling of FEW usage GHG impacts
